Editor, Nevada City Nugget
Dear Sir:

Space will not permit me to tabulate the multitudinous mass of reasons why you should spend your money here in the Twin Cities, where you earn it; but here are one or two reasons which the thinking mind can scarcely ignore. First, happiness. We are all in pursuit of happiness, but, like a "Will-o-The-Wisp," it eludes most of us, yet the fact remains, that the surest way to obtain happiness is by making others happy; not forgetting that happiness and prosperity run very close together; so use your best efforts to keep the stream of prosperity constantly and vigorously in motion; you can do this by purchasing all the commodities necessary to life right here where you live. It is often said (and truly), that money can not buy happiness, but here is the exception that proves the rule—here is one way in which money can bring happiness not only to those around you; but to yourself as well if you keep the stream of prosperity merrily flowing by spending your money here.

In many towns recently visited by me, the appearance of prosperity was conspicious by its absence, but here in Grass Valley and Nevada City the reverse of this is true. Now the surest way to perpetuate this local prosperity is to keep the money and good will here by patronizing all home industry and enterprise.

On the other hand—just think what a lamentable picture would present itself if you did ALL your trading in places away from here—prosperity would surely be dead—Isn't that perfectly plain?

Look in your dictionary, ponder over the exact definition of that word "reciprocity." It will give you something to think about.

Peace And Good Will

Softly the bells are chiming
Under the vaulted blue,
Peace and the Christmas Spirit
Are calling to me and to you;
And here where the fields are smiling
And in winter lands afar,
The eyes of earth's children are lifted
To the light of one shining star.

Beautiful golden legend
Thrilling the world again,
Easing the weight of our burdens,
Soothing the throb of pain;
Whispering low, "be patient,
Valiant and faithful still,"
Breathing the golden message,
"Peace and Good Will—Good Will."

Linger oh Christmas Spirit,
Dwell in our midst for aye,
Shedding the light of gladness
Over life's shadowed way;
Speak to the troubled nations,
Bid envy and hatred cease,
Till the whole world walks serenely
In the shining paths of peace.

Softly the bells are chiming
Under the vaulted blue,
Peace and the Christmas Spirit
Are calling to me and to you.
May we not keep them with us
All thru the glad New Year,
With the light of the star to guide us
And the angels' song to cheer?

FRENCH

FRENCH CO... — Well, the reign of Gen. Ice... is over, and we have been given rain and fog, and sunshine during the past week. People in French Corral were picking beans, peppers and tomatoes from their gardens during the first week of this month, but now only withered, blackened vines remain to tell of the good things that were.

Christmas is drawing near, every one is making plans for that great time.

W. P. Clerkin, was a Monday visitor and called on friends when enroute to Brown's Valley, to see his friend, Charles Buhl, who had met with a serious accident. Clyde Browning accompanied him from this place.

Mr. Clerkin returned to his home in San Juan Friday night, sick with flue. He reported that Mr. Buhl's horse fell on the ice and in trying to help him, Mr. Buhl was kicked and dragged by the animal. He sustained several injuries, Among them, a broken leg and injured hips and cuts and bruises about the head. He will probably be laid up for the winter. Clyde Browning remained to assist with the work on the ranch.

Mrs. J. W. Culans went to Smartsville Wednesday evening to attend a meeting of the O. E. S.

SKI COURSE WILL BE IN GOOD SHAPE FOR XMAS

Early Monday morning, it started snowing on the Nevada City-Grass Valley Ski Club course, a few miles up the Tahoe-Ukiah highway and it kept it up all day. Added to the foot of snow there already, it should make for an ideal situation for skiing and toboganing during the holiday season this year.

Already several groups of people are planning a trip to the course this coming Christmas week end, knowing that the course will be in good shape by that time. This warm new snow on top of the light and dry snow will make a mighty speedy surface for the tobogan.

The Club house at the course is now ready to serve dinners in the evening for private parties upon order. Arrangements should be made before hand by telephone so that reservations can be made.

He has followed his profession for twenty years in Nevada and now assumes the task of building a power plant and 50-ton mill at White Rock, three and one half miles from the mine, and an electrical transmission line.

CHRISTMAS SEALS SALES HELP FEED POOR CHILDREN

In many communities in California, the Christmas seal is the only barrier between tuberculosis and somebody's home. In many channels it is the only means of providing health inspection for school children.

When father's pay check stops and mother can no longer put out the milk bottle, then is the time when Tuberculosis Association gets in good work.

Hard times have driven hundreds of sufferers to the association for aid and past purchase of Christmas seals have enabled them to meet this increasing need.

"The pressing necessity for material relife has been met but in doing this there has been no lackening in the preventive campaign which has cut the death rate of tuberculosis in half during the last 15 years.

"The Christmas seal supports the work of these volunteer agencies and everyone is urged to brighten up their Christmas letters and packages with these messengers of Christmas cheer.

Install Gas Heating Equipment now... enjoy a Carefree Christmas

HERE is a little Christmas play.

Time: Winter, 1932. *Place:* Any one of the more than 143,000 homes that are now heated by gas fuel. *Characters:* Father and Mother playing on the floor with the children and their Christmas toys. While all through the house not a person is worrying about the cold winter weather outside.

The Situation: Not a person is giving the slightest thought to the fire that is keeping this house warm. Yet in every room there is "Comfort Zone" warmth kept controlled to uniform temperature.

The Solution: There is no fuel stored in the basement, none to be carried upstairs in boxes or scuttles because the gas heating plant is steadily delivering abundant, clean, healthful heat into every room.

Why not make Christmas a day free from all care in your home? Install gas heating equipment and enjoy a fire that needs no tending. You need but pay a small amount in cash to have gas heating equipment installed. The balance may be paid on long easy terms. Telephone the P. G. and E. today or consult your local heating dealer.

Natural Gas will maintain this "Comfort Zone" 71° 65° *at low cost*

CONTROLLED HEAT

With gas fuel you can have maximum heat instantly available and keep it regulated to any temperature desired. Controlled heat from gas heating equipment is possible by merely turning a valve or handle, by pressing a button to get high, low or medium heat, or by setting an electric thermostat to automatically maintain any desired temperature.

NEVADA COUNTY GOLD MAKES POSSIBLE GIFT TO IRISH FREE STATE

Recently a princely and romantic gift was given to the people of Ireland by William Bowers Bourne, known here as Billy Bourne . The San Mateo man, formerly of Nevada City and Grass Valley, purchased the storied and beautiful Killarney Lakes and turned them over, with their grotesque crags and emerald shores, to the Irish Free State. It was a gift to make the Commentators of the world say kindly things of a California.

Bourne made the gift in the name of Maude Chase Bourne Vincent, deceased daughter of the Bournes and wife of Arthur Vincent, who is now a Senator in the Irish Free State and who, with his wife, spent numerous vacations at the lakes.

Bourne's family moved to this region when in 1869 his father, William H. Bourne Sr., arrived from the East to operate some of the gold mines here. At different times he owned or controlled the Empire, N. Star, Pittsburg and other properties. When he died in 1878 his financial affairs were found to be in a rather chaotic state.

It was William Bowers Bourne, the son, who left Oxford University to come to this district to salvage the estate. He found the old heads among the experienced miners of the opinion that the Empire was worked out, but he disregarded their advice. Under his ownership and leadership, another great production period came and it continued to establish his fortune and mining reputation.

In as much as William Bowers Bourne's fortune was made i nNevada county, it may well be said that Nevada county gold made possible the gift of Killarney Lakes to old Ireland.
